

NIAAA Registered Athletic Administrators (RAA)

The NIAAA Certification Program is a voluntary professional service to athletic administrators and is based on the premises of continuing education, professional growth and program development in the vocation of interscholastic athletic administration. It recognizes and incorporates the professional development opportunities provided by the Leadership Training Institute. The attainment of professional certification demonstrates the completion of a comprehensive plan for self-improvement that will enhance the ability of the athletic administrator to better serve the school, community and profession.

The NIAAA became a member of the National Certification Commission in October 1995 in an effort to stay abreast of information pertinent to the Certification Program on a national scope.

On October 26, 2001, the NIAAA Certification Program was granted “full registration” by the National Certification Commission recognizing the NIAAA Certification Program as one meeting the commission’s rigid standards of excellence.

The DAANJ commends the individuals below for their efforts towards the RAA designation.
